Ø<ß¬ ERKI MEME CRM

Complete Setup Guide with Smart Image Storage & Translation

Ø=Ý Authentication

Password: **01533** (from .env)

' 12-hour session expiry
' HTTP-only secure cookies
' HMAC-signed tokens with SHA-256
' Automatic logout after 12 hours

Ø=Üø Image Storage Strategy

Smart Conditional Storage:

Source	Storage	Saved In	Benefits
Ø=Üä File Upload	Vercel Blob	MongoDB URL	CDN Fast, Managed
Ø=Ý Image URL	External	MongoDB URL	Zero cost, Direct

How It Works:

1. Upload File: User selects image !' Uploaded to Vercel Blob !' URL stored in MongoDB
2. Paste URL: User pastes URL !' Validated !' URL stored in MongoDB
3. Preview: Real-time image preview with validation loading spinner
4. On Delete: Vercel URL deleted from Blob. External URL removed from MongoDB

Ø<ß Translation Features

' Auto-Translate: Click "Translate to English" to convert Bangla text
' Title Translation: Supports up to 120 characters
' Description Translation: Translates full descriptions (up to 1000 chars)
' No Setup Required: Uses free MyMemory API - no API keys needed

Ø<ß¨ UI/UX Enhancements

Mobile-Responsive Tabs

' Tabs shrink labels on mobile (Ø=Üä Upload / Ø=Ý URL)
' Horizontal scroll on small screens
' Smooth tab switching with transitions
' Full-width on desktop

Image Preview & Validation

' Live image preview with aspect ratio 4:5
' Loading spinner while validating URL
' Green checkmark when URL is valid
' Error message with warning icon if image fails
' Automatic image availability checking
' Handles image disappearance gracefully

Animations & Loaders

'(Fade-in animation for images
+ þ Slide-up animation for error messages
#ó Loading spinner on URL validation
Ø=Ý Pulse animation on image preview loading
Ø=Ü« Loading state on submit button with spinner

Ø=ÜË Error Handling

' Invalid URL format detection
' Image accessibility validation
' Image loading failure handling
' Network timeout protection (5s timeout)
' User-friendly error messages
' Form submission prevented if errors exist
' Try-catch blocks on all API calls

Ø=Þ€ Quick Start Guide

1. Login to Dashboard
